

Chevron Resources Company

A division of Chevron Industries, Inc.

Manila Star Route, Vernal, UT 84078 • Phone (801) 789-2233

April 28, 1983

Mr. Dee C. Hansen
State Engineer
1636 West North Temple
Salt Lake City, UT 81146

Dear Mr. Hansen:

Chevron Resources Company has completed preparations to continue with the enlargement of Tailings Dam #2 at the Vernal Phosphate Operation near Vernal, Utah. Original approval was given to Stauffer Chemical Company by the Division of Water Rights in a letter from you to James C. Frost on June 6, 1980.

A pre-construction inspection for this season's work was made by Mr. Robert Guy, Engineer, Division of Water Rights, on April 26, 1983. Mr. Guy was accompanied by Mr. Clayr Alexander, Engineer for Chevron Resources who will oversee the project. Mr. Guy gave verbal approval on that day for Chevron to initiate this season's construction. Construction will begin immediately. If there are any questions, please contact Clayr Alexander or myself.

Sincerely,

O. L. Fyock
Environmental Specialist
